

Firelands Association for the Visual Arts
Class Scholarship Application

FAVA is happy to consider your application for scholarship assistance. While we may not be able to provide a complete scholarship to all those who request it, we are committed to making our classes available to as many people as possible – regardless of individual financial circumstances. For this reason, it is important that all scholarship requests are received well in advance of the class starting date, so we may allocate our available funds accordingly. We may consider any of the following factors when determining eligibility for scholarships:

- **annual family income**
- **individual or special circumstances**
- **whether the applicant qualifies for the National Free/Reduced Price School Lunch program (for students age 18 & younger)**

***FAVA also encourages applicants to consider partial scholarship assistance, in which case the student only pays some portion of the class tuition.*

Until this point, we have not turned away an applicant due to his or her financial situation, and it is our policy to maintain this record.

All information will be kept confidential and will be used solely to determine the amount of FAVA's scholarship assistance.
